F-Gas Training

Do you work in the refrigeration, air-conditioning or heat pump industry?

Are you aware that you need to be certified under EPA regulations to work with refrigerant gases within the EU?

Our Further Education and Training Centre, Shannon Campus, is currently taking applications for **F-Gas Training**.

Course Aims

The aim of this course is to provide those working in the stationary refrigeration, air-conditioning, heat pump and refrigerated trucks and trailers industries with the skills, knowledge and certification to work on the installation, service, maintenance, recovery and leakage checking on systems containing fluorinated greenhouse gases.

Key Benefits

- ▶ Full certification
- ▶ Takes place at our FET Centre, Shannon Campus
- ▶ Complies fully with EPA regulations for those working with refrigerant gases within the EU
- ▶ Small class sizes
- ▶ Dual certification with QQI and City & Guilds awards

Course Fee:
